A Brief History of ECT Charity

Summary

Formed in 1979 as part of Ealing Voluntary Service Council, Ealing Community Transport ("ECT") started life with a couple of second-hand vehicles, providing a transport service to Ealing residents whose needs were not being met by other transport provision.

Thirty-seven years later, ECT has grown into a leading charity and highly regarded social enterprise providing high quality community transport services across the country.

Timeline

1979
- Ealing Voluntary Services Council ("EVSC") establishes a transport project in Ealing, after it receives several elderly vehicles from Ealing Social Services. These are operated on an ad-hoc basis by the EVSC’s Manpower Service Commission Workers on what was then the Special Temporary Employment programme.

1980
- The project is renamed Ealing Community Transport ("ECT") and receives a further four vehicles and inherits a number of journeys previously undertaken by Ealing Social Services.
  - Funding obtained from the London Borough of Ealing to employ a full-time Transport Co-ordinator – Stephen Sears.

1982-83
- The project expands rapidly with the donation of further Social Services “ambulances” as well as the purchase of second hand minibuses on the open market. Its Group Hire project for local community groups is well and truly established.
- ECT develops its expertise in the operation of very elderly second hand vehicles doing almost all its own maintenance, working from a tiny office in Valetta St in South Ealing with the “workshop” being out in the street.

1984
- ECT obtains support from the Greater London Council ("GLC") to develop its workshop services more formally.

1985
- ECT secures the support of the then Mayor of Ealing, who spearheaded a campaign to raise funds for a new workshop in Acton in Berrymead Gardens, providing proper maintenance facilities.

1986
- ECT secures grant funding from the London Borough of Ealing to open an operating centre in Southall – its first recycling project, furniture reuse.

1987
- ECT incorporated as an independent organisation – an Exempt Charity registered as an Industrial & Providence Society.
1989 • Funding obtained from London Borough of Ealing for the establishment of the Bollo Lane HQ in Acton. The organisation moves into new offices, workshop facilities and off-street secure parking.

1990 • ECT takes over the operation of an Asian Dial-a-Ride service and re-launches as “Seva PlusBus” (based on the Camden model). This is the first PlusBus service in Ealing, providing a door-to-door service for older and disabled individuals who are unable to use public transport.

1992 • ECT establishes a driver training programme and recruits its first driver trainer. Fundamentals are introduced whereby all drivers undergo formal training prior to driving minibuses which stands true to this day.

1993 • ECT takes over Ealing Council’s Youth Service Transport service, leading to the establishment of Greenford as an operating depot.
• Launch of Re>Paint project, one of the first of its kind in the UK.
• “Out & About” volunteer car scheme commences for individuals who are unable to use public transport.

1994 • Establishment of Glaxo PlusBus following road closures in Greenford funded under a section 106 Agreement.
• Merger of “Out & About” car scheme into a Personal Transport service using minibuses based on the PlusBus model.

1995 • ECT starts its first “green box” recycling pilot for homes in Ealing.

1996 • Start of Ealing PlusBus with Bridge House Estates Trust funding expanding the Ealing PlusBus network to 3 vehicles.
• Adoption of Minibus Driver Awareness Scheme (“MiDAS”), a driver training scheme launched by Community Transport Association in partnership with Hampshire County Council. ECT’s driver trainer becomes one of the first Driver Assessor Trainers.
• New recycling service for 72,000 homes in Hounslow.
• Establishment of trading subsidiaries, ECT Recycling and ECT Engineering.

1997 • Start of Acton and Rover PlusBus with Taxicard under spend completing a network of 5 vehicles covering the whole Ealing area.
• Fire destroys Furniture Project warehouse, grant funding is withdrawn and Furniture Project closes.
• ECT opens further recycling services in the London Boroughs of Lambeth, Ealing and Brent.

1998 • ECT starts its first recycling service outside London, in partnership with the Vale of White Horse.

1999 • PlusBus funding withdrawn and the loss of 30,000 trips for 2000 registered older and disabled passengers. Replaced by a contracted inferior “Community Bus” operated by a commercial operator (subsequently ended due to low usage).
2001  •  ECT sets up a new demand responsive transport service in partnership with Sure Start in South Northolt. The Sure Start PlusBus is a door-to-door minibus service for parents and children under the age of 5.

2002  •  ECT creates a new subsidiary, ECT Group, which in turn owns all of ECT’s trading subsidiaries. All Head Office functions and staff are transferred to ECT Group.

2003  •  ECT starts its first mainstream bus service in partnership with Transport for London ("TfL"). Route 195 operates through Southall running from Ealing Hospital to Charville Lane in Hayes in a newly set up subsidiary ECT Bus.
•  Community Transport operation and office moves to Greenford Depot.
•  Passenger Assistant Training Scheme ("PATS") introduced in Ealing with the first batch of certificates including an ECT employee.
•  ECT saves doorstep collection services to 400,000 homes in the West Country after Avon Friends of the Earth goes into receivership.
•  ECT forms a partnership with the Northern Ireland charity Bryson House to provide recycling services in the province.

2004  •  ECT is awarded a contract (using section 106 monies) to set up the Willow Tree PlusBus Service, a demand responsive transport service for those living on the isolated Islip Manor Estate.
•  ECT acquires Dartmoor Railway and RMS rail engineering venturing into the world of 'Community Rail'.
•  ECT wins the Clean & Green contract, providing recycling, refuse and street cleaning services to Ealing Council.

2005  •  ECT Group, ECT Bus and ECT Recycling are awarded Community Interest Company status, one of first in country.

2006  •  ECT wins a contract to deliver community transport services in Milton Keynes. A new joint venture company “Milton Keynes Community Transport” (“MKCT”) is set up to deliver demand responsive, group and lunch club transport services in partnership with Age Concern Milton Keynes based on the PlusBus model.

2007  •  ECT wins a contract to deliver door-to-door minibus service in partnership with Cheshire County Council. PlusBus services are launched for residents in Chester, Ellesmere Port and Neston.
•  ECT commences provision of a number of drivers and vehicles to TfL for its Dial-a-Ride service.
•  ECT wins a contract from London Borough of Ealing to undertake a detailed feasibility study into developing a shop-mobility scheme in Ealing Broadway town centre in partnership with The TAS Partnership. Consequently, ECT becomes actively involved with the Steering Group for initiating and developing the service.
•  ECT and Weardale Railway re-open the historic railway in the Wear Valley.
