

February 2025

To members of NORDCAT,

We were sorry to hear the recent news that NORDCAT had to cease operations February 2025 after many of years of service.

If you were a registered member for any of NORDCAT's weekly minibus services to destination towns, please contact us at Dorset Community Transport. We are a charity also providing Community Transport minibus services across Dorset. We operate several *PlusBus* services to various destination towns, helping residents across rural Dorset access local services. We would very much like to hear from you.

Telephone **01258 287 987** (you can ask for Charlotte)

or email **dorset@ectcharity.co.uk**

Do let us know you were a NORDCAT member.

Whilst we are not taking over NORDCAT's services, we do serve many of the villages covered, though this may be on a different day, or to a different destination. There are also several villages that we might be able to re-route our existing services to.

Membership is free and we also accept national bus pass. Full details of our various *PlusBus* services can be found on our website (see below) but please do not hesitate to contact us by telephone or email as soon as possible.

We would like to hear from all members, even if your village can't be served initially, so that we can consider this in our future service plans.

To clarify, we do not provide individual transport services to medical appointments, but believe you can still contact Community Cars Scheme/Community Connections as before on 01258 473 154.

Please do not hesitate to contact us at Dorset Community Transport.

We are looking forward to hearing from you – thank you.

Telephone **01258 287 987** (between 9.30am and 2.30pm Monday to Friday)

or email us at **dorset@ectcharity.co.uk**
